SENDMIE SOCIAL APP

https://sendmie.netlify.app

- I built a social web app using React.

- Easy and responsive UI for PC, Tablet and mobile view

- I made use of useState for state management

- I added a profile page and Chat page with the usage of useParams hook

- I implemented the use of React-Router as a means of navigation.

- I used framer-motion for page transitions and animations.

- I added a light and dark theme toggle switch

May, 2022 to May, 2022
REACT DEVELOPER
Gamers-mart

https://gamersmart.netlify.app

- I created a gaming e-commerce website using React.

- I implemented the use of useReducer and Context API for the global state management.

- I used glassmorphism and Tilt.js as a major addition to the styling.

Mar, 2022 to Apr, 2022
REACT DEVELOPER
Quiz-App

https://intellico.netlify.app

- I built a Quiz app using React.

- I fetched the quiz data from an external API (Rest API) using the useEffect hook and async Function.

- I implemented useState as the only State management hook.
